Research Experience

I have been working with the research during my study in the Bachelor degree at Sophiahemmet University of nursing, Stockholm. The first study about nurses' experiences' when providing Palliative care nursing for critically ill patients in An Intensive care unit in Saudi Arabia. We used qualitative content analysis design and the study has published in middle east nursing journal, 2012.

Other study I have done during my Master degree study at Sophiahemmet University of nursing, Stockholm. I used qualitative content analysis approach. I interviewed nurses in a coronary care unit. The study aim about nurses' perceptions when dealing with pain assessment and pain management for patients with myocardial infarction, 2013.

During my PhD journey, I drafted 4 manuscripts which are planned for publications

- 1- Alasiry, S., Hills, D. & Plummer, V. (2019). The role of the nurse in cardiac rehabilitation programs: a systematic review.
- 2- Alasiry, S., Hills, D. & Plummer, V. (2019). Healthcare providers knowledge and awareness of CR programs in Saudi Arabia: a quantitative study.
- 3- Alasiry, S., Hills, D. & Plummer, V. (2019). Patients experience of CR programs in Saudi Arabia: a qualitative study.
- 4- Alasiry, S., Hills, D. & Plummer, V. (2019). Modelling cardiac rehabilitation programs in Saudi Arabia: mixed methods design.
