

REPORT

HOUR_OF_CODE

18-12-2016

The Hour of Code is a one-hour introduction to computer science, designed to demystify "code", to show that anybody can learn the basics, and to broaden participation in the field of computer science.

The Hour of Code is supported by many companies including **Microsoft, Google and Apple**. Hour of Code is organized by **code.org** worldwide in online and offline mode. **183 countries are participating in this event.**

Hour of Code event was organized on 18-12-2016 to create interest in Computer Science for the kids of High School.
