

Curriculum Vitae

Dr. Nagi Ibrahim Ali Ibrahim

Associate Professor of Nuclear Medicine

Majmaah university, 11952, Riyadh, KSA
College of Applied Medical Sciences (CAMS)
Radiological Sciences and Medical Imaging department (RMI)
Po.Box.66

Mobile: 00966501427432 or 00249918166291

ni.ali@mu.edu.sa

nagisaec@gmail.com

Qualifications:

Sudanese higher secondary school, 1981

B.Sc. in nuclear medicine (isotope Laboratory) Budapest paramedical School, Hungary, 1986

IAEA Fellowship in nuclear medicine, WHO CCR, *Hammersmith hospital*, London, UK, 1996

B.Sc. Honor 2nd class division one in nuclear medicine technology, university of Sudan (SUST), 1999

M.Sc. in nuclear medicine technology university of Sudan., 2001

PhD in nuclear medicine technology, Sudan Academy of Sciences (SAS)., 2009

Work Experience:

Sudan Atomic Energy Commission RIA laboratory. 1987 till 2014.

IAEA training course in bulk reagents methodology for Radioimmunoassay, thyroid related hormone, Tunis, 1992

IAEA training course, preparation of basic reagents for the RIA of Thyroid related hormones .Morocco ., 1993

Regional (AFRA) training course on production of basic reagents for RIA of tumor markers. Tunis.2000.

Head department of central and satellite laboratories. Sudan atomic energy commission. (SAEC)2001 till now.

Director, Nuclear Application in Biological Sciences (NABSI) Sudan Atomic Energy Commission.2013-2014.

Associate professor in department of Radiological Sciences and Medical Imaging, College of applied medical sciences , Majmaah University, Saudi Arabia from 2014/2015 till 2018/2019

Editorial Board : cancer research and reports journal from 2018 .

(<http://escires.com/cancer-research-reports/editorial-board/>)

Curriculum Vitae

TEACHING EXPERIENCE:-

- 1/ Teaching Nuclear Medicine course for postgraduate students, Al-Neelain university. 2001- 2008
- 2/ Assistant prof.sudan university of science and technology SUST(2010-2013).
- 3/ Associate prof. sudan university of science and technology SUST(2013- 2014).
- 4/ Associate prof.Almajmaah university ,college of applied medical sciences,radiology department (since academic year 2014-2015) to 2018-2019.

Experience of teaching the following courses in Almajmaah University,College of Applied Medical Sciences (CAMS).Riyadh,Kingdoun of Saudi Arabia ,(KSA)

- 1/ **Ultrasound physics and Instrumentations.**
- 2/ **Nuclear medicine physics and instrumentaions.**
- 3/**Physics of Medical equipments.**
- 4/ **Biophysics.**
- 5/ **Principle of Physiology.**
- 6/ **Radiation Biology and Protection.**
- 7/ **Radiographic Photography.**
- 8/ **Radiographic Anatomy.**
- 9/ **Nuclear Medicine Techniques.**
- 10/ **Care of patient and ethics in radiology.**
- 11/ **Research methodology.**
- 12**General Pathology**
- 13/**Radiation physics and equipments.**

College general courses :(CAMS)

- 14/ **Quality of Health Care.(CAMS 234)**
- 15/ **Biostatistic.(CAMS 233)**
- 16/ **Health and fitness (HAF 101)**

Management experience:

- 1/ **Director of Nuclear application Institute ,Sudan academy of Sciences.Minstry of higher education and scientific research, Sudan/Khartoum 2012-2014.**
- 2/ **Head of chemistry and Radioisotpes department - Minstry of higher education and scientific research,Sudan/Khartoum 2008-2012.**
- 3/ **Member of the council of Radiological sciences and Medical Imaging (RMI) department, College of Applied Medical Sciences(CAMS), Almajmaah University, Riyadh,KSA from the academic year 2014-2015 till 2017-2018.**
- 4/ **Head of Scientific Research Unit, College of Applied Medical Sciences (CAMS),Almajmaah University, Riyadh,KSA for the academic year 2015-2016.**
- 5/ **Editorial bord Member of Majmaah Journal of Health Science (MJHS) from the academic year 2016 to 2018 .**

Curriculum Vitae

6/ Council member of the research centre of medical and health colleges in Majmaah University, KSA, since the academic year 2015-2016 to 2017-2018

7/ Member of assessment and examination unit in the College of Applied Medical Sciences (CAMS),Majmaah University,KSA from the academic year (2014-2015) to (2018-2019) .

8/ Head of Quality Control and academic accreditation unit of the Radological sciences and Medical Imaging (RMI) department , College of Applied Medical Sciences (CAMS),Majmaah University KSA . from 2016 till 2018

Supervision: Supervisor of

Master (MSc) projects:

1) Zinc and Copper Levels on diabetic patients in Khartoum. Sudan Academy of science (SAS) 2012 council of biotechnology and environmental sciences.

2) Thyroid status on full term low birth weight deliveries in Sudan (2012) Sudan Academy of science (SAS) council of biotechnology and environmental sciences.

3) Comparative study of thyroid hormonal function between Central and western Sudan(SAS)

4) Essential Trace elements level in Moringa Olivera leaves.(SAS).

5) Hormonal activity on breast cancer menopause Sudanese women.Aneelain University.

6) Insulin level on young Drug users (study on Bango users).

7) Trace elements concentration on breast and prostate cancer patients.

External examiner of Master degree to the Nuclear Medicine Technology and medical physics MSc student. Sudan University of Science and Technology(SUST), faculty of radiological science (2008- 2015)

External examiner of PhD .degree,SUST since 2014

PUBLICATIONS:-

International Journals:

Curriculum Vitae

CURRENT RESERCH ACTIVITIES:-

- Quantitive determination of cancer antigen (CA15-3) and (CEA) antigen level in serum to monitor the response of breast cancer to radiotherapy and chemotherapy.
- Thyroglobulin production by malignant and benign thyroid tuumors, A radioimmunoassay study.
- Serum thyroglobulin for early detection of metastases and recurrences in the follow-up of patients with differentiated thyroid carcinoma in Sudan.
- Alph-feto-protein (AFP) and (HCG) in pregnancy and pregnancy-realted disorders in Sudan.
- Evaluation of thyroid hormones in pregnant women.
- Study of AFP and HCG in pregnancydisorders in Sudanese pregnant women. Case studies.
- Researches of low birth deliveries in Sudan.
- Studies on Moringa olivera as medicinal plant.
