## RESEARCH AREA(S)

- Cancer Stem Cells Research (Basic and Clinical),
- Blood Malignancies research,
- Genetics of cancer, epigenetics, transcriptome, genome editing.

# Dr. Sahar Mohammed ALDosari, PhD

Assistant Professor

Medical Laboratories

College of Applied Medical sciences

## EDUCATION

**PhD, Molecular Hematology** 2012-2017

The University of Nottingham, School of Medicine, City Hospital, UK

**MSc, Molecular Genetics & Diagnostics** 2011-2012

The University of Nottingham, School of Medicine, Queens Medical Center, (QMC), UK

**BSc, Clinical Laboratory Sciences** 2002-2007

King Saud University, College of Applied Medical Sciences, KSA

## EXPERIENCE

**Assistant Professor,** 2021 - Current

Molecular Genetics & Diagnostics,  
Molecular Hematology,  
MDL, CAMS, AlMajmaah University, KSA

**Clinical Laboratory Specialist Consultant,** 2021 - Present

Central Lab, King Khalid Hospital, AlMajmaah

**Acting Senior Laboratory Specialist Consultant** 2007- 2021

Molecular Genetics and Cytogenetics Laboratory, PSMCC

**Teaching Assistant** 2019 -2021

**Saudi Board Molecular Biochemistry Program**

Molecular Genetics and Cytogenetics Laboratory, PSMCC

**Trainee's tutor** 2017 - 2021

Cytogenetics Molecular Genetics Laboratory, PSMCC

**Superuser And Trainer and Team Leader** 2017-2021

Molecular Genetics software Helix - (RABET), PSMCC

**Assistant Syllabus Reviewer** 2019-2020

Ministry of Education

**Clinical Laboratory Specialist** 2007-2011

Haematopathology Lab, PSMCC
