B. Course Objectives and Learning Outcomes

1. Course Description

This course adopts the Focus-on-Form (FonF) Approach (see Michael Long's theory), to raise the students' awareness of fundamentals of English grammar while can still communicate effectively in a socially meaningful context. Grammatical elements targeted in the course (and which will also be continued in *ENGL 121 Communicative Grammar*), include (but not necessarily limited to): English verb tenses, auxiliaries (be, have and do), modals, nouns (count, noncount, etc.), adjectives, adverbs, prepositions, intensifiers, modifiers, comparatives and superlatives, possessives, conditionals, etc.

Within tenses particular focus is given to the differences between present and progressive, present and past tenses, past and past progressive, perfect tenses (present and past perfect), future expressions, etc. These forms are expected to be introduced, emphasized and made aware of, while largely utilizing the context of the sentence in a meaningful event/act.

The selection of a textbook for this course (and for all courses in our study plan) will generally tend to be more dynamic and flexible (keeping in mind the course philosophy, aims and expected outcomes, any textbook that is deemed to best realizing these, may be selected). Preference, however, will be given to the more updated, timely, comprehensive and communicative grammar course books).
