

Humanities and Administrative
Science Journal

Message:

The nation development is marked by its ability to follow-up the current development in knowledge and technology. This maintenance is triggered by the university via the academic journals published on constant basis.

Vision:

To maintain constantly the publications of research and studies related to academic issues to enrich intellects in the kingdom and overseas with the latest inventions.

Goals:

- **To contribute effectively in the development of research and academic publications.**
 - **To exploit efficiently the ability and inventions of faculty members and researchers.**
 - **To strengthen the bond between Majmaah University and the various academic institutions as well as the local society.**
 - **To engage successfully in providing solutions to the current social problems.**
 - **To set standards for the assessment of research compatible with international standards.**
