Module Title:	Graduation Project--(practical part)
Module ID:	BIOL-472
Prerequisite (Co-requisite):	Graduation Project--(practical part), BIOL-471
Co-requisite :	N/A
Course Level:	8 th level
Credit Hours:	2 Hours

Module Description

:

Training the student how to write down a scientific article including: Abstract, Introduction, Materials & Methods, Results, Discussion, Conclusion, and References and how to present this research in meeting or conference.

Module Aims

أهداف المقرر:

1	Training students on how to handle the results and tabulate the findings.	1
2	Training students on how to write the introduction.	2
3	Training students on how to write the materials and methods.	3
4	Training students on how to write the results and how to discuss the results.	4
5	Training students on how to write the references.	5
6	Training students on how to present this results in a meeting or conference.	6

Learning Outcomes:

مخرجات التعليم:

1	Learn the students the essential steps on how to handle the results and tabulate the findings.	1
2	Learn the students the essential steps on how to write the introduction.	2
3	Learn the students the essential steps on how to write the materials and methods.	3
4	Learn the students the essential steps on how to write the results and how to discuss the results.	4
5	Learn the students the essential steps on how to write the references.	5
6	Learn the students the essential steps on how to write a final research format and present it	6
7	How to prepare and present this results in a meeting or conference.	7

Course Contents:

:

ساعات التدريس (Hours)	الأسابيع (Weeks)	(Subjects)
6	2	How to write the introduction
6	2	How to write the materials and methods
9	3	How to tabulate and write the results
9	3	How to discuss the results
3	1	How to write the references
6	2	How to write the article.
3	1	How to prepare a seminar for the research.
