

## Registering for Female Students Training Programs at University Colleges

With the approval of university rector, the deanship of e–education organises a number of training programs and workshops conceded in a plan to train female faculty members, supervised by the women training unit at the deanship. The training programs cover modern applications of e–learning. The deanship is highly interested in developing faculty member skills in e–learning. The total number of programs to be delivered in the plan is 11 training programs which include 7 training courses and 4 workshops. Enrolling for same starts on 26th Jan 2013 and ends on 4th Feb 2013 via the following link:
